About Elixir

The Elixir of life is a drink known to grant its drinker great powers and eternal youth. Many ancient cultures went through great efforts attempting to achieve the magical concoction that will free the mind and the spirit. Most of these efforts resolved in inventions of new alcoholic spirits.

Here in the family run Elixir bar we have tried to recreate the feeling of those potions through our crafted cocktails. Since the summer of 2008 we have grown from strength to strength edging closer to the desired Elixir of life drink, using premium spirits, extracts and fresh ingredients. Our latest selection of cocktails is overleaf.

The Elixir Bar is also our vision for an inviting and intimate bar that can host any type of event you'd like! Being lovers of good food, good music and a good drink, we ensure our products are of the best quality and made with much care and love.

We hope our staff will make you feel young for ever, at least while you are here with us...
